

# **Employee Onboarding Guide**

## **First Day**

Employees will receive their company laptop, email account, and identity card.

## **Required Training**

All new employees must complete cybersecurity awareness and workplace ethics training within the first week.

## **IT Support**

For technical issues, employees should contact the IT Help Desk through the internal support portal.

## **HR Portal**

Employees can access payslips, leave requests, and personal information through the HR Portal.

## **Communication**

Microsoft Teams is the official communication platform for meetings, collaboration, and internal announcements.
