

Security Guidelines

Password Policy

Passwords must contain at least 12 characters, including uppercase letters, lowercase letters, numbers, and special characters.

Multi-Factor Authentication

MFA is mandatory for all administrator accounts.

Data Protection

Sensitive customer information must always be encrypted both at rest and in transit.

Device Security

Employees must lock their computers when leaving their desks and keep antivirus software updated.

Incident Reporting

Any suspected security incident must be reported to the Information Security team within one hour of discovery.
